

SCHOOL NOTE 2H
Friday, March 1, 2024

Important Upcoming Dates:

- * **Thursday, March 7 (6-7:30 pm):** Family Reading Night!
- * **Friday, March 15:** No School - Superintendent's Conference Day

Author Visit!

Students enjoyed an author visit with Averill Park CSD art teacher Logan Kline, author of the book Finding Fire.

Math

This week students practiced -5 facts within 20 this week. Flash cards for +6 facts within 20 are coming home today. Students have been practicing estimating length and measuring the length of objects using centimeters.

Ask your child to tell you how to play the mystery equation game!

ELA

Next week's Spelling List is Unit 10 List 1. It focuses on 3 ways to spelling the long a sound:

- ay** as in **okay**
- eigh** as in **weigh**
- ange** as in **strange**

We have been practicing breaking longer words into syllables using these guidelines.

Science - This week in our Pebbles, Sand, and Silt unit, students created a diagram that shows how a mountain can be weathered (broken down) by the forces of nature (wind, water, etc.) to create boulders, cobbles, pebbles, gravel, sand, and silt.

We also played landform BINGO!

Have a great weekend! -- Joann Harnden
