This Week's Code Patterns:

This week's theme is consonants that get doubled when they end a word, such as f, l and s.

It also includes words such as paddle. The syllable is broken before the -dle. Having 2 ds means the first syllable is closed and has a short vowel sound. If there was only one d, the first syllable would be open with a long vowel sound.

For example:

Open 1st Syllable

ta/ble
ma/ple
cy/cle
a/ble

Closed 1st Syllable

sad/dle
rid/dle
cat/tle
shuf/fle
